

Lichfield Society of Artists Member Profile

Name: Sasha Lauer

Interest: I mostly work with ink, but also watercolour and oils. I like to experiment and enjoy tackling a wide range of subjects. I have a strong leaning towards the natural world, but I also enjoy the discipline of more abstract line drawing and technical drawing.

Background: I studied biology and worked for many years as an entomologist. I am self-taught but have prepared many technical illustrations over the course of my career.
